... makes light work of watering

## 15 m hose weeper

**Extendable**

15 mtr hose weeper is robust, long lasting and has an even output. This pipe needs no drippers inserted. The water just weeps out evenly through the wall of the pipe. Brass Connection 3/4".

**Order No.: TS15**

## 4-way tap

**Brass**

4-way brass tap manifold provides four outlets from one tap. All outlets have individual shut off valves for multiple hose connections. 3/4" connection.

**Order No.: VH4**

## Automatic tap timer

**Easy to use**

Automatic tap timer ideal for all your watering applications. Easy to set features 2 dials, and battery low indicator light. Translucent cover protects timer from extreme weather conditions.

**Order No.: BWU**

## Water wand

100 - 162 cm

Duo telescopic wand has a extendable arm of up to 162 cm, which makes this ideal for watering hanging baskets and reaching to the back of large borders. It also has a jet nozzle.

**Order No.: DTB162**
