

5.5m width Polytunnel

50.8mm diameter high tensile steel with 1.5mm wall thickness

2mm thick steel adds 33% to frame strength

Facilitates fitting of a separate cover for the gable end, which removes pleats and folds

800 Gauge Polythene with anti-fog layer and 5 year UV guarantee

Steel Frame (not including gables)								
Tunnel length:	6m (20')	8m (26')	10m (33')	12m (39')	14m (46')	16m (52')	18m (59')	20m (66')
